The Tunnel - - A Maryland Tradition

Traditions

Not only in dates and facts do we find the history of the University of Maryland, but in the lasting traditions which have been built up by those before us. Old grads never think of Maryland without remembering *Willow Walk*—in the spring and in the fall . . . *Testudo the Terp* faithfully symbolizing Maryland . . . *the tunnel* on the Library Green—ask your date its tradtion! . . . *the Rossborough Inn*—a reminder of a proud history and the *Rossborough Dances*—now a pleasant memory and a future hope . . . *Wednesday Night After-Dinner Dances*—informal fun . . . *The All University Night and the Varsity Show*—written and produced by the students . . . *Homecoming* with its floats, cheers, and football excitement . . *"Hello" Habit*—friendly way of getting acquainted . . . *The Paint Branch Tug of War*—Sophomores against the freshmen . . . *Ann Arundel*—named for the lovely wife of Cecil Calvert, Second Lord Baltimore . . . *Margaret Brent*—bearing the name of the high spirited, vivacious crusader for women's rights . . . *May Day* with its Queen, singing, maypole dancing and Mortar Board tapping . . . a tribute from the Junior to the Senior Women.

As the campus buildings are a part of the University of Maryland, so are these traditions. Know them and be proud of them.

History

"Hail, Alma Mater
Hail to thee Maryland
Steadfast in loyalty
For thee we staud."

In these words are echoed the sentiments of every student of the University of Maryland, past, present and future. The students of the past who have graduated cherish many tender memories of their beloved Alma Mater; those of the present are striving to make in the University more improvements that will be enjoyed by those of the future.

When the College of Medicine was founded in Baltimore in 1807, the history of the University of Maryland began. Rapidly expanding, the University added a School of Law in 1823, a School of Dentistry in 1882, a School of Nursing in 1889, and, in 1904, observed the Maryland College of Pharmacy.

The Maryland State College was chartered in 1856 under the name of the Maryland Agriculture College, the second agriculture college in the Western Hemisphere. In 1862, the College became in part a State institution with the passage of the Land Grant Act by the Congress of the United States.

By an act of the State Legislature in 1920, the University of Maryland was merged with the Maryland State College, and the resulting institution was given the name, the University of Maryland.

Administration

FROSH GREETING FROM PRESIDENT BYRD

Dr. Harry C. Byrd

To All Students:

The University wecomes you to the campus.

For the first time since 1941 the University begins this fall to operate on its normal scholastic schedule, returning to the two-semester system. The accelerated program, under which the Univer-

sity has operated on a year-round basis, has served its purpose in helping the nation's war effort, but the time has come to prepare for return to civilian objectives.

The University is beginning a new era in its services to the people of the State and nation. A new building program, involving over $6,000,000, is under way, to provide more and better physical facilities. New objectives are being established and new departments are beginning to function.

Perhaps the two most salient developments of which the war period has been productive are the Institue of World Economics and Politics, for the education and training of men and women for Foreign Service; and the American Civilization program, which will give students a better and more positive knowledge of their own country's backgrounds and the values inherent and potential therein.

The University is operated entirely for the benefit of the people, both in resident education for young men and women, and in extension education for adults. The administrative departments of the University, and the faculty of the University, want to help you with your problems; and, when you have difficulty of any kind, remember that you are expected to ask for help to overcome that difficulty.

Do not ever let yourself be discouraged, but at the same time remember that no man or woman ever has achieved anything anywhere without hard work. No administrative officer, nor member of the faculty, can do your job for you. They can advise and be helpful, but, in the last analysis,

you will succeed by doing your own work. You will not succeed in any other way. This is not a sermon but simply a statement of hard fact.

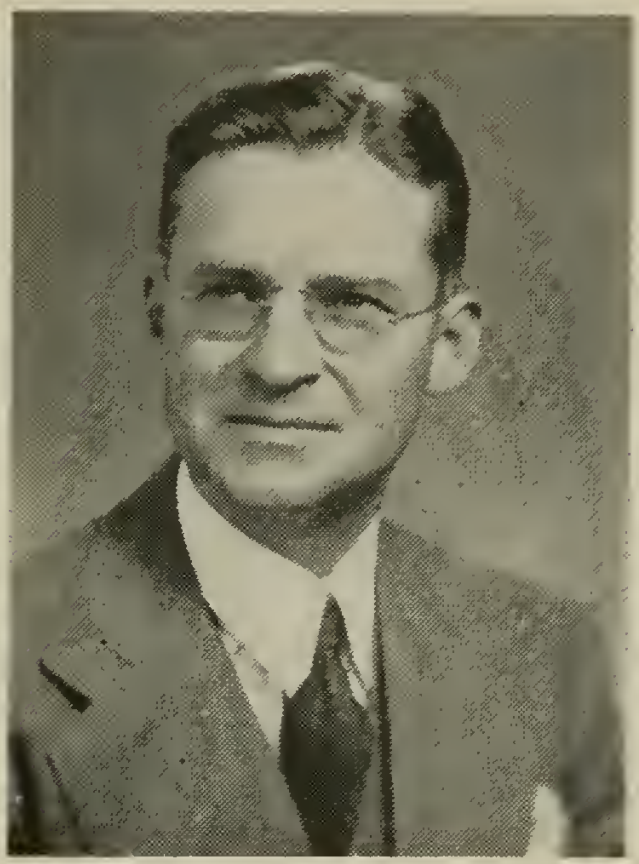
If ever you have any doubt in your mind about any matter in connection with your University life, please ask someone in authority who has the facts to give you. Remember, at any and all times, the door of the President's office is open to you. Look upon members of the faculty, who wish to be helpful, as your friends. Let all of us help you because that is our job.

Looking forward to greeting you personally, I am

Sincerely,

H. C. Byrd,
President.

WELCOMING MESSAGE FROM DEAN REID



JAMES H. REID

It is always a pleasure to meet the new students in the fall and to have the upperclassmen back on the campus. To all of you we extend a sincere welcome.

We hope that you who are here for the first time will soon learn that Maryland is your university and that you are a part of it. You are now assuming the responsibility for receiving the training that will enable you to become an important part of, and render a service to, your community and your state.

In addition to maintaining a satisfactory academic record, you will be expected to engage in wholesome recreation and to participate in extra-curricular activities. This is your opportunity to develop loyal, capable and enthusiastic leadership which is needed now in these difficult times more than ever before in the past.

New students should feel free to ask faculty members and upperclassmen for advice and help, and I assure both old and new students that you are cordially invited to call at my office at any time and discuss any problem that you may have.

JAMES H. REID,
Acting Dean of Men.

through their years at Maryland. We expect you to live up to them. We hope your years here will be busy, happy, worthwhile ones. We want you to enjoy work, play and new friends.

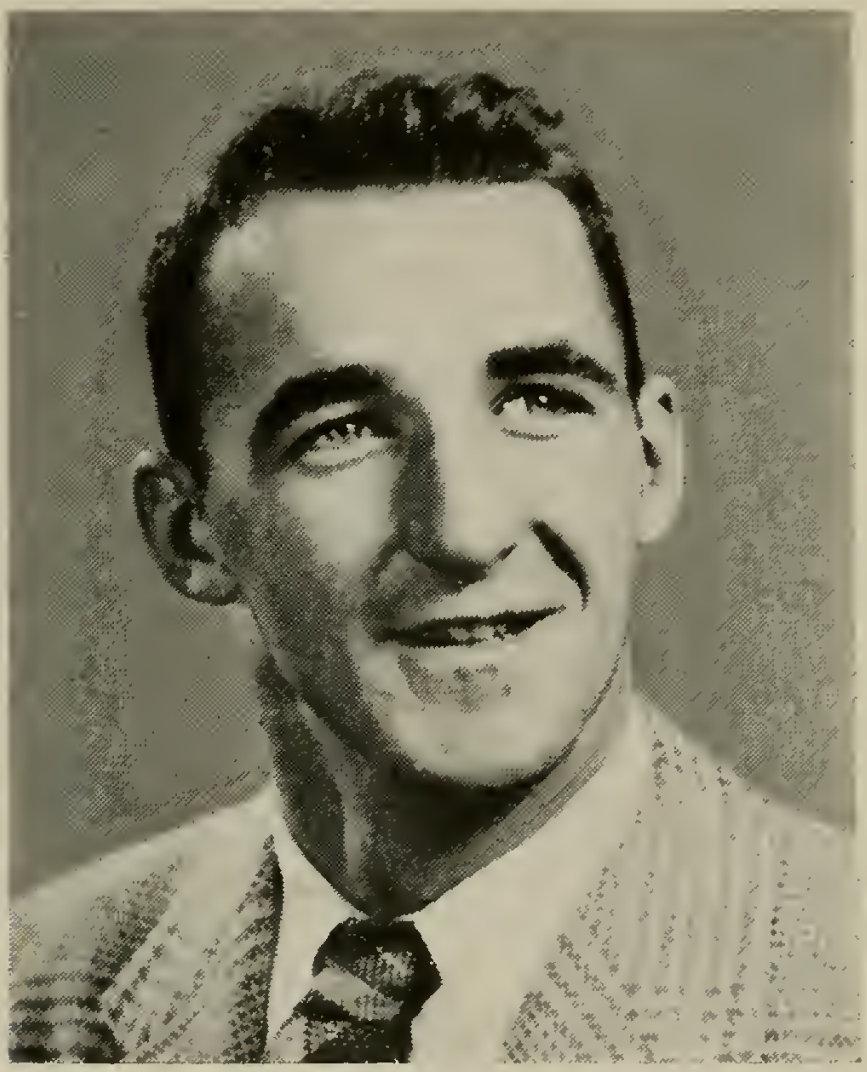
WORDS OF ADVICE FROM STUDENT PRESIDENT



LESLIE DALY

May I also join in extending hearty congratulations to you on a job well done. Yes, all of you proved yourselves successful when you completed the primary task required in an American life, namely, that of completing the work assigned to you in your elementary and high school education.

This triumphant achievement is readily recognized by your earned diplomas which have gained you admittance to the secondary stage in life, which is college.

Throughout your college days you will be laying the roadbed which you will follow in the long grinding drive through life. Success lies at the end of this road. So the firmer its course and the straighter its path, the quicker will you achieve success.

Every task assigned to you in your college days is an intricate part of the roadbed you are constructing. Failure to fulfill these tasks will tend to weaken the roadbed or curve its course. Thus, the destination "Success" will require more years of your later life to obtain. Don't be like some who make so many curves in their roadbed that they never reach the end. Use foresight and lay your roadbed firm and straight!

It will be the rightful duty of this Student Government to endeavor within the limits of its power to see that the quality of educational material presented to you here at the University of Maryland is the very best. This will not only help and make it easier for you who do honestly try and lay a firm foundation, but will also serve to gain just a little more knowledge for those of you who, due to unforeseen circumstances, might be unable to complete your college course. To reach and maintain this quality at its highest peak will require the zeal of each individual student in supporting the student body.

Indeed it is unfortunate that human nature limits us so that these ideas which I have mentioned

can be of such little interest to you as freshmen, but as seniors will surge forth and become of the utmost concern to you. The inability to foresee the future seems to be the greatest obstacle man has in everyday life; but yet, we must accept and cope with things as they are.

Your Student Government will also provide many things that may be of social interest to you, such as dances, rallies and plays. It will do all in its power to make your social hours gems of happy memories to accompany you on your road to success.

Above all, remember the importance of conducting yourselves in such manner that it may always be said, to have known you, is to have loved you. May it ever be so!

Sincerely,
LESLIE DALY,
Student President

After the outbreak of the war, the Student Government Association decided to change its system and under the Provisional Government Constitution established in February, 1943, the Student Board came into existence.

Military

Located on the main floor of the imposing new Armory are the offices of the Military Department. The ROTC course is required of all male, physically fit students, under 26 years of age, who have not completed basic training in the armed forces of the United States. Without this course, the student may not graduate from the University.

The present course in ROTC consists of four semesters divided into Basic I and Basic II. This

training prepares the student for further training in any branch of the services he may enter.

Formerly, there were four years of ROTC, the last two years being optional and preparing the student for a commission as a second lieutenant in the Officers' Reserve Corps. This advanced course has been discontinued for the duration of the war. Also inactive are the two military fraternities: The Pershing Rifles, national honorary fraternity for basic ROTC students; and Scabbard and Blade, honorary military fraternity for advanced ROTC students.

Prior to 1916, the University was a military school, and since then the War Department has maintained a senior infantry unit here. Every year since its beginning, this unit has won the coveted War Department rating of "generally excellent." This award is worn by all cadets at Maryland in the form of a blue star worn on the sleeve of the uniform blouse. With all the equipment it has at hand such as rifles, pistols, carbines, machine guns, and a bazooka, to say nothing of one of the finest indoor rifle ranges on the east coast, the incoming class should work towards retaining this Maryland military tradition of "generally excellent."

ROTC BAND

The ROTC Band is under the direction of Band Master Otto Siebeneichen, known fondly to all his boys as "Pop" or "Sarge." With the decrease in size of the whole unit, the band has also decreased. Every term, however, enough men have turned out to give the battalion martial

rhythm. All new men who play a musical instrument are encouraged to turn out for the band No extra time is needed, but an extra scholastic credit is given.

The Military Department staff is composed of three officers, three enlisted men, and the military property custodian. These men's names should be learned by all ROTC cadets.

INTERFRATERNITY COUNCIL

President ..... HENRY HOWDEN
Vice-President ..... MICHAEL ZETTS
Secretary ..... HAROLD THOMPSON
Treasurer ..... JOHN MACVEIGH

The interfraternity Council was founded at the University in 1926 for the purpose of maintaining harmonious relations between the fraternities and the University and between the fraternities themselves. Supervision of rushing and improvement of the fraternity system at Maryland are the Council's specific duties.

Membership of the Council consists of the president and an elected delegate from each of the fraternities now functioning who are members of the organization.

Certain social functions in which these fraternities participate are planned and supervised by the Council. The Interfraternity Ball is one of the year's social highlights. In addition, the group sponsors inter-fraternity sports, throughout the year. Tournaments are held in track, basketball, softball, and touch football, and the winning fraternities receive awards.

CONCERNING FRATERNITIES

The aim and dream of many a freshman is to attain membership in a great collegiate fraternity To many, this dream means luxury of living, a sense of superiority, a good time among "brothers," and a shining pin to show the home folks.

A fraternity or sorority should mean much more. It should mean closer companionship with other

men or women with similar ideals who are pledged to raise the moral, educational, and social standards of the group.

In a few weeks many will have the opportunity to join one of these lodges. The opportunities for you to benefit from these affiliations are numerous. but please keep in mind:

That your decision will probably have more effect on your future life than any you have ever made in the past.
That you are not an outcast if you do not receive the bid you wish, or any bid—you may be too intelligent instead of too backward to interest that particular organization.
That many of the potentially fine men have been completely buried in their fraternities
That men in other fraternities may be worth cultivating or keeping as intimate friends. Some of your best friends in the Freshman Class will not be in your fraternity. Do not lose them.

That you are entitled to know the financial setup of any fraternity that rushes you
That it is neither any credit to you nor to a fraternity to obligate yourself before the official pledge day.

And that your success or failure does not rely on whether you make a fraternity or not, but on initiative and perseverance you show in either situation. Some men are actually made by fraternal affiliation; others submerged or ruined. Choose your course carefully, remembering that after pledge day

your battle to prove your real worth is only starting.

PANHELLENIC COUNCIL

President ..... MARGUERITE STITELY
Vice-President ..... LOUISA WHITE
Secretary ..... HELENE AARONSON
Treasurer ..... ROSE MARIE BRIDGES
Deputy Officer ..... ANN LEVINE

The Panhellenic Council is composed of two representatives from each sorority and each sorority president. Its purpose is to foster a better spirit among the sororities on campus. The Panhell delegates of the twelve national sororities on campus work together to promote a feeling of cooperation and unity. Officers rotate among the sororities in alphabetical order. Meetings are held regularly each month at the sorority houses in alphabetical order though special sessions may be called.

The formal rushing date for this semester is September 16, and parties will be held during the week before classes commence. Rush rules and dates are presented in the Panhellenic booklet. The initial cost of going out for rushing is $1.00.

Last Spring, the representatives on the Council worked on plans for the revision of their constitution and rules. Among the changes are the new deputy officer, created in order to give the woman-to-be-president for the following term a period of training; a week of rushing preceding classes; a limitation of sorority membership to fifty-five, which must be effected by each sorority in three years' time; and an honor system for sum-

mer silence between sorority women and prospective Maryland students.

A woman student may postpone a week-end campus to the following week-end if she wishes to go home on a holiday week-end, but ordinarily she must stay and work out her campus.

B. If a penalty is not observed, the Office of the Dean of Women is notified.

C. Returning late—From late leaves, campus leaves, dances, library or any campus function, or late at 7:30 P. M. or 8 P. M. The penalties listed below will be assessed for lateness:

1-3 minutes campused Monday, Tuesday, and Wednesday.

4-6 minutes campused Friday, Saturday, and Sunday.

7-9 minutes campused Monday through Sunday.

10-15 minutes campused Friday through Sunday of following week.

16 or more minutes the Office of the Dean of Women handles the case.

D. The penalty for leaving the residence after 10:30 P. M. shall be a campus of Saturday and Sunday nights.

E. The penalty for taking over the quota of late leaves shall be: Loss the following month of twice the number of late leaves taken above the quota.

F. A campus of Monday through Wednesday holds for the following offenses:

1. Untidy room. (If this offense is committed the second time, the campus will be Friday through Sunday.)
2. Failure to attend residence meetings without an adequate excuse.
3. Not signing in or out. (If this offense is committed a second time the campus will be Monday through Friday.)
4. Signing in or out for someone else.
5. Signing in or out incorrectly.
6. Failure of fire officer, air raid warden or monitor to appoint a substitute, if she is absent.

G. If a woman student is brought before the League for the second time for the same offense the penalty is usually doubled.

H. For breaking quiet hour the woman student is campused on Saturday night.

I. If a woman student does not appear before the League when summoned, her regular penalty will be extended one day, unless she has been excused by the house president.

J. If a woman fails to attend a fire drill, she will be campused Friday through Sunday.

K. Women Students will not be given any choice for the date of their campus, and they will take the campus penalty during the week in which the offense was committed unless the League thinks that a legitimate excuse has

been offered. There will be no extra penalty if the League decides to alter a campus.

L. *If sign out cards* are not turned in by the representatives on the Tuesday following the meeting by 4:00 P. M., the campus will be Monday through Wednesday.

X. Elections

A. The House Presidents to represent the Dormitories, Annexes, and Sororities shall be elected one month before the term of the present House President expires (which runs for three quarters or two semesters). Summer sessions may be treated as a special quarter and separate elections held, or the officer for the preceding quarter may continue.

1. Within the first two weeks of a new school term, each off-campus house must have chosen its representative to the League.

2. Representatives may be chosen from the Junior or Senior Classes for the House Presidents, and a record of the election shall be kept so that if the woman student does not return to school, the next highest student can take her place. A girl who has had experience living in the dorm under the League Rules should be chosen president.

B. Any woman student elected to the League must retain a two-point average.

C. League members are expected to take all changes in rules to their housemother immediately.

The Women's League Retains for Itself the Right to Make Exceptions in the Rules if the Conditions Warrant It.

MARYLAND TRADITIONS

   A. Rooms in dormitories.

   B. Rest rooms in class buildings.

   C. Drugstores.

II. Slacks and blue jeans are to be worn only in active sports, in one's room and when given special permission by the Office of the Dean of Women.

Athletics

FOOTBALL

Dr. Clarence W. Spears began his second year as head football coach with a squad composed of seventeen year olds, 4 F's, and a few discharged veterans.

The Old Liners fought their way through a tough schedule, meeting such foes as Wake Forest, West Virginit, Michigan State, Florida, Virginia, Penn State, and V. M. I. The end of the season saw one win and one draw on a nine game card.

No formal spring practice was held last year but football was included in the physical education program. Formal fall practice started several weeks ago.

In addition to football, varsity competition this year will be carried on in boxing, basketball, baseball, and rifle. There is a possibility that there will be track and lacrosse squads if a sufficient number of men are interested in participating in these two sports. Maryland's Old Liners will compete against Conference opponents as well as other outstanding teams.

BOXING

Ably coached by Coach Paddy Kane, the Old Liners defeated North Carolina Pre-Flight School and drew with the Penn Staters on a seven fight card. Virtually every team met was either a service team or Navy fortified.

Coach Kane initiated an intramural boxing tournament last December in order to obtain talent for the '46 squad.

BASKETBALL

Despite the fact that the Terps won very few games last season, they were extended an invitation to participate in the Southern Conference playoffs by virtue of a win over William and Mary. However, they were eliminated in the first round after bowing to a stronger Duke quintet.

The floormen, under the excellent tutorship of Coach Burton Shipley, were considerably weakened by the loss of players to the armed forces throughout the season.

RIFLE

The Terp riflemen under Col. Harland C. Griswold registered fifteen wins in seventeen shoulder matches, and eight wins in ten postal matches. While the shoulder matches were against local civilian teams for the most part, the postal matches brought competition from Lehigh M.I.T., Michigan State, Western Maryland, Syracuse, Alabama, Pitt, Arizona, and North Carolina State.

Maryland copped the William Randolph Hearst Trophy match for the 3rd Service Command, won second place in the 3rd Service Command Intercollegiate matches and placed fourth in the National Intercollegiate matches.

In addition to these trophies, the Meeks Trophy is awarded each year to the outstanding member of the team. This award is in honor of Lt. George Meeks, former Terp rifleman, who died in Iceland.

BASEBALL

Maryland had a poor season last spring, recording only two wins against nine defeats. However, as in other sports, the Shipleymen played service powered nine. They defeated Fort Myer and Johns Hopkins, losing to such teams as Quantico Marine Barracks, Fort Meade, and the Indianhead Marines.

Coached by Burton Shipley, who developed Charlie Keller among other stars, the Old Liners showed up remarkably well considering the caliber of their opponents.

Although baseball was on informal basis last year a normal collegiate schedule is expected for next spring.

INTRAMURALS

A varied and extensive program of intramural sports was conducted by the men's Physical Education Department under the direction of Coach Stanley Baker.

Besides touch football, basketball, and softball leagues, there were boxing and tennis tournaments. There was also an Interfraternity track meet held last spring.

Announcements concerning intramurals are published in the *Diamondback*.

In addition to providing judges and referees for intramural sports, the association sponsors campus dances and also takes an active part in the annual homecoming.

Freshmen being ratted by upper classmen

School Spirit

"A WORD TO THE WISE"

One of the oldest traditions at the University of Maryland, which time and war have failed to efface, is the "ratting" of incoming freshmen by the Sophomore Class.

As "rats," you will be called upon in the weeks that follow to perform many tasks which at times may seem silly or unreasonable. However, we hope that you will accept these demands in the proper spirit—the spirit in which they are made. Remember that, although you have been admitted to the University, you must still prove your worth to us.

You have doubtless been impressed by the prominence of posters telling you to "Read, Fear. Obey the Ten Commandments." Again, a word of advice. These placards have not been distributed in an effort to beautify our campus They have a constructive purpose. Read them! Practice what they preach!

Above all, get off on the right foot by practicing the "hello" habit whenever possible. This is one of our most cherished traditions, and it can be a big help to you in meeting future fraternity brothers and sorority sisters. Help to keep Maryland a *friendly* University.

That you obey the Ten Commandments and their associated bylaws is of concern to everyone who was once a freshman at Maryland. It is up to you to identify yourselves as loyal Maryland

men by living up to these established customs. If you do not, the Sophomore Class stands ready to enforce them, and a special "Ratting Court" has been established to handle individual cases.

It is hoped, however, that any "enforcement" will be unnecessary and that you will continue the tradition of previous freshmen classes. Start off the year right! Grasp the Maryland spirt and pay strict obedience to these rules:

THE TEN COMMANDMENTS

1. Memorize the Ten Commandments and all bylaws.
2. Wear rat hat, nameplate, and M-tie at all times.
3. Get the "hello" habit. (Maryland is a *friendly* University).
4. Show proper respect for upperclassmen and obey all reasonable requests.
5. Attend all campus activities, social as well as athletic.
6. Learn Maryland cheers and songs. (Get the Maryland spirit!)
7. Remain in your room every week night from 8:30 to 11:30 unless otherwise instructed.
8. Do not smoke on campus, except in your room or in the Student Lounge.
9. Do not "cut" campus. (You kill 999 blades of grass with each step.)
10. Don't wear large prep or high school insignia. (You can't live on your past here.)

BYLAWS

1. *Freshmen* must carry the M-Book at all times.
2. *Freshmen* may not walk for any reason whatsoever on the Upperclassmen's Walk which connects Arts and Sciences with the Administration Building, nor upon the adjoining grass.
3. *Freshmen* in the Dining Hall may not sit at the ends of rectangular tables.
4. *Freshmen* using the Arts and Sciences Building must enter and leave by the front (north) entrances, first floor and basement
5. *Freshmen* entering and leaving the Engineering Building must use the large East Entrance.
6. *Freshmen* must not loiter more than two minutes on the Library steps.
7. *All Freshmen Girls* will wear their hair in pigtails.

—*The Sophomore Class.*

FRESHMEN, YOU SHOULD KNOW THESE MARYLAND TRADITIONS

Freshmen boys are known as "rats" and their coed classmates as "rabbits."

The "hello" habit, one of our most important traditions, has built up Maryland's reputation as a *friendly* University. Help keep it going, and remember—it is a sure way to meet future fraternity and sorority companions.

The Upperclassmen's Walk, running between the Arts and Sciences and Administration buildings, is for upperclassmen *only*. Walk on it at your own risk.

This M-Book is your official "Bible." Carry it with you at all times, just in case some Sophomore should ask you for it.

All "rabbits" must wear their hair in pigtails

Freshmen entering and leaving the Engineering Building are restricted to the East Entrance.

Those using the Arts and Sciences Building must go around to the North side, where two entrances, first floor and basement, are available.

The Library is a place to study, not to make dates. Furthermore, noisy congregation on the front steps disturbs those inside. For this reason, you must not loiter more than two minutes on these steps.

"Cutting" campus is dangerous (if you get caught) and destructive. Use the walks and save those 999 blades of grass.

Freshmen must not smoke on campus, except in their rooms or in the Student Lounge.

You will make many friends at the Freshman Mixer dance, usually held after the first week of school.

In addition to the nightly ratting, the Sophomore Class will pick one night out of the semester to hold a "Prayer for Rain." If you don't know what this is, just ask one of last semester's freshmen.

Your chance for revenge will come at the big Tug-of-War with the Sophomores over Paint Branch. If you win, ratting will be discontinued immediately. If you lose, don't say we didn't warn you.

ALMA MATER

(By Bob Kinney)

Hail, Alma Mater,
Hail, to thee, Maryland—
Steadfast in loyalty
For thee we stand.
Love for the Black and Gold
Deep in our hearts we hold,
Singing thy praise forever
Throughout the land.

SONS OF OLD MARYLAND

Sons of Old Maryland,
Old Maryland needs you!
Stand by your colors, boys.
And to them e'er be true!
Fight for old Maryland,
Old Liners, Stand!
Defenders of the Black and Gold
Throughout the land.

VICTORY SONG

Maryland, we're all behind you;
Wave high the Black and Gold,
For there is nothing half so glorious
As to see our men victorious;
We've got the team, boys,
We've got the steam, boys,
So keep on fighting, don't give in!
(Shout) M-A-R-Y-L-A-N-D
(Sing) Maryland will win!

DRINK TO THE TERRAPIN

(By Jake Powell and Wimp Orpwood)

Drink to the Terrapin,
All stout-hearted men.
We have no fear of Hell
For we're loyal sons and fellows
Drink to the Terrapin;
May God bless her sons.
When the drink is in the cup,
Bottoms up! Bottoms up!
To Maryland.

ROTC MARCHING SONG

(By Fred Bach and John Tate)

R-O-T-C, march along;
Shout the battle cry.
As we march, we sing a song
Of the men who do or die.
Onward goes our regiment.
Flying colors bright,
We'll win again, dear Maryland,
We'll fight with all our might.

MARYLAND! MY MARYLAND!

The sons and daughters throng thy door,
Maryland! My Maryland!
Their hearts and hopes they bring to thee,
Maryland! Oh Maryland!
And place them in thy custody,
Proud hearts that pledge their love for thee:—
They come from mountain, farm and shore,
Maryland University!

Go forth, brave youth, throughout the state:
Maryland! My Maryland!
And your actions, show her great:
Maryland! Our Maryland!
Thy Alma Mater's name and fame
Oh keep alive her holy flame,
Until all hearts as one exclaim,
Maryland! My Maryland!

Cheer, three times cheer, and one cheer more
For Maryland! Dear Maryland!
Send forth that cry from hill to shore:—
Maryland University
Fair Mother of our brightest dreams,
Blest giver of life's precious things,
To thee each heart its service brings:—
Maryland! My Maryland!
